

Can It Fly?

Can it fly? Children look at a range of items and suggest if they are able to fly or not using a presentation and a card sort activity. Why do balloons fly? Children investigate the lifting force produced by helium-filled balloons.

Key Stage ONE	Age 5-7	Learning Curiosity, Team work, Forces and Movement	Time 30 mins	Difficulty HARD
Materials PowerPoint presentation for use with an interactive whiteboard, Print and cut cards for card-sort activity, Helium-filled balloons, Rubber balloons filled with air				Teacher Pack YES
