OPPORTUNITIES IN AVIATION & AEROSPACE

Spaghetti Structures

Engineers put pure scientific knowledge into practice – but their jobs often involve practical testing, problem-solving and teamwork too. This activity calls all of these skills into action, to help build a tall, strong tower using spaghetti and marshmallows.

Key Stage TWO	Age 7-11	Learning Engineering, creative problem solving, teamwork	Time 30 mins	Difficulty HARD
Materials uncooked spaghetti, marshmallows, pdf for guides				Teacher Pack NO
